

Part 3 Step 2: The lifeboat improvisation

Brief for Margaret

As the lifeboat is being lowered, it gets into difficulty. It takes you a minute or two to remember that your brother's gift to you, a penknife, is in your inside pocket.

Brief for the two crew members on deck

As the lifeboat is being lowered, the ropes get caught on the ship's rivets. It is impossible to get it free. Ask the passengers on the lifeboat if anyone has something sharp with which to cut the ropes.
